

# We welcome you on behalf of the South African Academy of Aesthetic Dentistry

It gives me great pleasure to invite you to attend the 9th World Congress for the International Federation of Esthetic Dentistry. IFED 2015 will be held in Cape Town from the 5th to the 9th of November 2015. This is the first time that the IFED World Congress will be held on the African continent.

The Scientific program, 'The Big 5' will embrace all the disciplines of Aesthetic Dentistry. Many of the speakers are global opinion leaders who will educate, inspire and entertain you over the entire 3 days! The Cape Town International Convention Centre offers excellent facilities and with the backdrop of Table Mountain, there can be no better venue to hold such a prestigious meeting, which will remain in your memory for years to come. The IFED 2015 social program will be something quite special! We understand Cape Town might be a long way from home so we will show you the kind of hospitality that South Africa is famous for. Our exciting partner programme includes trips to the world-renowned Cape Town Winelands, iconic landmark Table Mountain and an opportunity to experience the colour and vibrancy of township life. There are a myriad of activities and sights to entice you to stay longer in Cape Town or to explore other parts of South Africa; to see the Big Five, and much more.

On behalf of SAAAD, I look forward to welcoming you to South African shores where together we can enjoy a stimulating and information filled Congress.

# IFED & SAAAD

## ABOUT IFED

The International Federation of Esthetic Dentistry (IFED) was founded in 1994 by the American Academy of Esthetic Dentistry, European Academy of Esthetic Dentistry and the Japanese Academy of Esthetic Dentistry. Its purpose is to contribute to the progress and development of worldwide esthetic and oral health and to enhance communication between member organisations. The IFED holds a world scientific meeting every second year and is hosted by a member academy. Delegates attend from all around the world.

### IFED Goals:

- To encourage countries to establish an academy of esthetic dentistry along IFED guidelines.
- To help coordinate and publicize both world and national meetings on Esthetic dentistry.
- To assist member and forming chapters in producing the best meetings possible including assistance in obtaining speakers.

## ABOUT SAAAD

The South African Academy of Aesthetic Dentistry (SAAAD) is dedicated to excellence in the science and art of aesthetic dentistry. We aim to enhance the highest standards of ethical conduct and responsible patient care. The SAAAD provides a leadership role in the exchange of knowledge, whilst promoting and supporting a respected accreditation programme. The Academy is a source of accurate and useful information to the public and to the profession alike.
